

Work Certificate for Mr. Laurent DESHUSSES

The undersigned confirms that tjca have employed Mr Laurent DESHUSSES as Project Manager from June 1999 to July 2008.

Much to our regret, he has left us on his free will on July 31st 2008, in order to take on new challenges in his career.

During his years within our practice Mr. Deshusses has managed major projects in an independent and efficient way, establishing budgets, programs, and ensuring follow-up on site, as well as handling all financial and billing issues.

He handled relations both with clients and Authorities for the numerous projects under his responsibility, and which he managed all aspects of.

We will sincerely miss Mr Deshusses for his professional qualities, his flexibility and availability, as well as his acute sense of initiative and responsibility. Through his friendly presence at the office, he has become one of the most appreciated workers, and he will be regretted by the entire team.

Convinced that he will achieve the best of success in his future undertakings, we can but very highly recommend him to any future employer.

With our best wishes to his professional as well as personal future,

Chêne-Bourg, August 12th, 2008

Richard Harri
